

There are up to 75,000 Deer Vehicle Collisions each year in the UK resulting in 400 to 700 human injuries and several human fatalities each year.

Across the UK it's estimated there could be between 40,000 - 74,000 deer-related motor vehicle accidents, resulting in several hundred human injuries and several human fatalities each year. Deer Vehicle Collisions (DVCs) are very widespread throughout almost all parts of England as well as increasing parts of Wales.

Be Deer Aware this autumn! For safety advice or if you wish to report a DVC please visit the [Deer Aware](#) website.

The Deer Initiative's (DI) research of reported Deer Vehicle Collisions for England and Wales 2008 – 2013 has been released listing the top areas:
